**Wild's Linoleum**

Whether you are going to build or lay a new floor in your present office, be sure to consult us about "Wild's Linoleum," a floor that is easy and restful to walk on. It has endured the test of actual use in office buildings, schools, hospitals, libraries, stores and churches and has proved satisfactory.

We have on display and in stock printed and inlaid in tile and wood effects. Plain cork carpet, green and brown, 1-8 and 1-4 inch standard Government Battleship.

**Better Linoleum Laying**

The linoleum floors are only as good as they are laid. The Wyman method of cementing linoleum firmly down, insures a permanent floor. One that will neither buckle nor creep but will give added years of satisfactory service.

Modern American manufacture through efficient machinery has brought out beautiful patterns in rugs, reproduced sometimes from century old designs of the Orient or exquisite colorings in drapes, hitherto impossible for so low a price.

This Christmas, more people take pride in their homes than ever before. To these Wyman's third floor suggest gifts of Rugs, Draperies, Linoleums, Lamps, etc., chosen from assortments of America's largest manufacturers. At this time of lower prices the Wyman policy holds true, "always at or below the market." Therefore, Christmas buyers who choose gifts for the home will find the new low prices on Wyman's third floor.
